Examiner Tesfamarian:

Please find enclosed a corrected version of the Response to Office Action that was filed in the above-referenced case on March 1, 2001. We recently discovered that, when filing the Response to Office Action of March 1, 2001 in the above-referenced case, we stated that the document was responsive to the Office Action mailed July 6, 2000 (Paper No. #3). In reality, the Response to Office Action should have read that it was responsive to the most recently received Office Action mailed January 30, 2001 (Paper No. #6).

The corrected Response to Office Action filed concurrently herewith states that the document is responsive to the Office Action mailed January 30, 2001 (Paper No. #6).

It should be noted that the corrected Response to Office Action contains three additional modifications from the previously Response to Office Action filed on March 1, 2001. The art unit number has been corrected to reflect the number that can be found on the filing receipt. A semicolon, which was erroneously missing from the first claim of the previously filed Response to Office Action, has been returned to its proper location on line five. Additionally, an extra "and" on the end of line five of claim eleven has been removed in the corrected Response to Office Action.
